A **ErgoTec® Safety Scraper** ErgoTec® Safety Scraper with rubber grip prevents scraper from slipping in hand. Unique locking system eliminates blades from sliding out while working. Push the nonslip trigger forward and blade is ready for use; pushing the blade forward a second time makes blade easy to change.

ID	No.	Blade Width	Material	Qty.	Unit	Price
	Uses Unger® Standard No. 9 (1½") Razor Blades (sold separately).					
1	UNG-SR040•	1½"	Stainless Steel	1	EA	

B **Safety Scraper** Unique locking blade sleeve minimizes the potential for accidents. Press-and-push thumb slider advances and retracts blade sleeve. Lanyard hole enables peg-board storage.

ID	No.	Blade Width	Handle Length/Material	Qty.	Unit	Price
2	UNG-SR50	1½"	4"/Stainless Steel	1	EA	

C **Safety Scraper Replacement Blades** Sharp, stainless steel razor blades keep your Unger® Safety Scraper or Mini Scraper working as well as it did the day you bought it. Convenient clamshell packaging for safety. Easy to replace.

ID	No.	Blade Width	For Model Number(s)	Qty.	Unit	Price
3	UNG-SRB30	1½"	Unger® SR040, SR500, STMIN	100	PK	

D **Heavy-Duty Scraper Replacement Blades** Replacement blade for Unger® heavy-duty scraper. Dual sided. Razor-sharp edge eliminates the need for strenuous scraping on all hard surface floors; blunt edge works on delicate, uneven floors.

ID	No.	Blade Width	For Model Number(s)	Qty.	Unit	Price
4	UNG-HDSB	8"	Unger® HDSS0	10	PK	

E **ErgoTec® Glass Scraper** Glass scraper has reversible carbon steel blade with 2 razor edges making it ideal for cleaning large surfaces and scraping off paint, stickers, etc. Lightweight ergonomic design with protective blade cap safely stores blade. Can be used as a handheld scraper, or locked into any Unger® poles.

ID	No.	Blade Width	Handle Length/Material	Qty.	Unit	Price
	Uses Unger® Blades TR150 (sold separately).

FISKARS®

A **Pro Pruner** An adjustable, ergonomic design provides comfortable use when cutting stems and branches up to 1" diameter. This pro-style pruner features adjustable blade tension to fit your hand strength and the toughness of the material you're cutting. Angled cutting head helps reduce wrist fatigue and makes it easy to prune at awkward angles. The fully hardened, precision-ground steel blade stays sharp, even through heavy use. A low-friction coating helps the blade resist rust and prevents the blade from gumming up with sap and debris, making cutting even easier. Built-in sap groove provides smooth operation. Convenient hanging hole allows for easy storage.

ID	No.	Tool Type	Application	Style	Unit	Price
1	FSK-91246935J•	Pruner	Gardening; Landscaping	Bypass	EA	

B **Telescoping Power-Lever® Bypass Lopper** Power-Lever® mechanism increases leverage to make cutting two times easier than single-pivot loppers. Telescoping handles extend to 36½". Lock securely holds handles in place. Fully hardened steel blade with non-stick coating cuts with less effort. Durable steel handles. Cushioned grips and shock-absorbing bumper for comfort. 1¾" cutting capacity.

ID	No.	Tool Type	Application	Style	Unit	Price
2	FSK-91686935J•	Lopper	Gardening; Landscaping	Bypass	EA	

C **Telescoping Power-Lever® Hedge Shears** Power-Lever® technology increases your cutting power. Patented serrated blade design self-sharpens during use. Durable steel handles with soft grips for comfort. Telescoping handle extends from 24¼" to 31⅛"; 10" blade length. Lifetime warranty.

ID	No.	Tool Type	Application	Style	Unit	Price
3	FSK-91696935J•	Shears	Gardening	Hedge	EA	

D **Power Tooth Softgrip D-Handle Saw** Strong, power tooth saw is ideal for making quick, clean cuts through large branches. Aggressive Power Tooth triple-grind blade planes away wood faster for healthy, clean cuts. Makes quick, easy undercuts without sacrificing control. Fully hardened steel blade stays sharp longer. D-Handle provides an excellent grip. Softgrip touchpoints enhance comfort and control.

ID	No.	Blade Length	Color	Unit	Price
4	FSK-3934401001•	15"	Orange	EA	

E **Leaf Rake** 24" head is sized for moving a high volume of leaves with minimal effort. Uniquely curved, extra-wide tines transport leaves without clogging. Longer reach eliminates back strain from bending and teardrop-shaped shaft offers a more comfortable grip. Lifetime warranty.

ID	No.	Tool Type	Application	Style	Unit	Price
5	FSK-96605935J•	Rake	Landscaping	Lawn & Leaf	EA	

F **Shrub Rake** Reach leaves and debris in tight spaces all over the yard with a lightweight, durable rake. The slim head of this aluminum shrub rake makes it easy to clean between shrubs, fences, flowers and more. Durable resin head features unique tines designed to flex without breaking.

ID	No.	Tool Type	Application	Style	Unit	Price
6	FSK-96615935J•	Rake	Gardening; Landscaping	Rake	EA	

G **Long-Handle Digging Shovel** All-steel construction provides heavy-duty durability. Round-pointed shovel blade is sharpened to cut through soil and grass quickly and cleanly. Hand-friendly, teardrop-shaped shafts offer a superior grip, improved ergonomics and reduce hand fatigue. Powder-coat finish prevents rust and is easy to clean. Unique "big step" design to help your customers maximize power when digging into tough soil.

ID	No.	Tool Type	Application	Style	Unit	Price
7	FSK-96685935J•	Shovel	Gardening; Landscaping	Digging	EA	

H **Steel D-handle Digging Shovel** Strong, steel D-handle digging shovel features a durable design that provides an excellent, two-handed grip when you are digging in the garden. Welded 14-gauge hardened steel blade and 18-gauge steel shaft provide durability that far outlasts wood-handled tools and won't flex like fiberglass.

Holmes

D **True HEPA Large Room Air Purifier** Feel better knowing that your family is breathing cleaner air. This Holmes Allergen Remover is up to 99.97% efficient in removing allergens such as pollen, dust, mold, pet dander and smoke from the air passing through the filter. The carbon odor filter, which has been treated with baking soda, is designed to trap larger particles as well as absorb and eliminate odors that may come from pets, garbage, bathrooms, litter boxes, smoke and cooking. Clean, filtered air is distributed into the room with a fan to improve air circulation. A low-vibration motor and advanced fan blade system effectively remove airborne pollutants from the air without noise distraction. Manufacturer's limited five-year warranty.

ionic pro
IONIC AIR PURIFIER

B **Platinum Air Purifier** The Ionic Pro Platinum starts by creating negative ions and releasing them in the air. Negative ions have long been shown to have a positive effect of mood and overall health. Those feel-good ions also adhere themselves to the pollutions, germs, allergens, and then are attracted to the permanent filter plates in the unit and are trapped. This makes cleaning the filter as easy as a rinse in the sink or dishwasher. Manufacturer's limited warranty.

Scotch®

A **ScotchBlue™ Painter's Tape** Choose the original multi-surface painter's tape, it's among the very best in the U.S. Can be used on a variety of surfaces, such as walls, trim, glass and metal. It removes cleanly for up to 14 days and will not cause surface damage within that period, even if it's exposed to direct sunlight.

ID	No.	Color	W × L	Core	Thickness	Qty.	Unit	Price
	Value Pack—Stock up and save!							
1	MMM-209024EVP ✳	Blue	.94" × 60 yds	3"	5 mil	6	PK	
2	MMM-209048EVP ✳	Blue	1.88" × 60 yds	3"	5 mil	3	PK	

✳ *27 lb/in tensile strength.*

B **ScotchBlue™ Platinum Painter's Tape** Stop paint seepage and ensure super-sharp paint lines. Durable, advanced poly material with 90° tear angle delivers quicker application, particularly for corner prep, and easier one piece removal, without tearing or slivering. Ideal for use on a variety of interior surfaces, including zero-VOC paints, baseboards, trim, metal and glass (a humidity level below 50% is recommended for ideal tape performance).

ID	No.	Color	W × L	Core	Thickness	Qty.	Unit	Price
3	MMM-209836D	Blue	1.41" × 45 yds	3"	5.9 mil	1	RL	

C **High-Performance Masking Tape 232** Provides superior performance as a painter's masking tape. Also may be used for holding, protecting, bundling and other difficult jobs where a pressure-sensitive tape is needed. Natural rubber adhesive bonds well to paper, metal, drywall, wood and painted surfaces, conforming around corners and over irregular surfaces. Sticks instantly and holds strongly, resisting lifting, curling. Will not transfer adhesive when removed from surfaces.

ID	No.	Color	W × L	Core	Thickness	Qty.	Unit	Price
4	MMM-232-1 ✳	Tan	24 mm × 55 m	3"	6.3 mil	1	RL

✳ *30 lb/in tensile strength.*

3M

D **Multi-Purpose Duct Tape 3900** Polyethylene-coated, cloth-reinforced backing conforms to curved and irregular surfaces, and the natural rubber adhesive resists the effects of moisture and humidity. Its high tensile strength makes it ideal for bundling materials. Tape tears easily, across or down, without curling, and it sticks to surfaces instantly.

ID	No.	Color	W × L	Core	Thickness	Qty.	Unit	Price

STORAGE & MATERIAL HANDLING

FIND THE TRUCK YOU NEED!

Truck Type	Features and Benefits
Cube Trucks	Use these durable and versatile trucks for a variety of bulky, load-carrying tasks including waste collection, material transport and laundry handling. Available in four capacities. Find these on page 474.
Tilt Trucks	These trucks maximize maneuverability and make it easy to dump contents. Ideal for handling bulky materials and loads that are medium to heavyweight. Insert wheels and the overall profile helps protect surroundings. Consider your need for the lid option. Find these on page 475.
Platform Trucks	Accommodate loads of varying shapes and sizes aboard a high-capacity platform truck. Depending on what you're moving, you'll want to look at support—more when you're loading multiple, hard-to-balance items—less when loads are more well-balanced. Some platform trucks offer work-height surfaces. Find these on pages 466 – 467.
Hand Trucks	Carry a surprisingly heavy load with ease and agility with a two-wheeled hand truck. Buy a model that's dedicated to this role, or combine functionality with a convertible truck that switches from a two-wheeled configuration to a four-wheeled platform. Find these on pages 465 – 466.
Convertible Trucks	Change configurations to use one truck for multiple applications. Some versions combine removable shelving with a more open platform truck option. Others provide support alternatives that adjust to the loads you're transporting. Find these on page 468.

Rubbermaid
Commercial Products

A **Vented Round Brute® Lid** Fits Rubbermaid® Commercial BRUTE® trash cans (sold separately). All-plastic, professional-grade trash can construction will not rust, chip, or peel, and resists dents. Manufacturer's limited one-year warranty.

ID	No.	Color	For Model	Unit	Price
1	RCP-2645-60 BLA	Black	Rubbermaid® Commercial 264360, 264300	EA	

B **Vented Round Brute® Container** Sets the standard for reliable garbage collection in high traffic areas. Built tough and versatile, these garbage cans feature revolutionary venting channels that let air flow into the receptacle making liners up to 50% easier to remove. Integrated cinches allow bags to be attached to handles without knots for faster liner changes while contoured base handles and rounded top handles make it easier for staff to lift and transport these receptacles in any facility. Manufacturer's limited one-year warranty.

D **Right-Size Recycling Station** Recycling station that keeps waste and recyclables separate under one lid. This hands-free, step-on receptacle resists fingerprints to keep the receptacle looking clean. Two separate 7½ gallon rigid plastic liners (included) with built-in bag retainers hold the bag in place. Lid closes slowly and quietly to prevent any snap down effect and slamming. Manufacturer's limited lifetime warranty.

LINEAR LOW-DENSITY

LOW-DENSITY REPRO

HIGH-DENSITY

DRAWSTRING

BAGS & CAN LINERS

LINERS FOR EVERY NEED!

Choose From Two Types of Plastics

Linear Low Density (LLD) — Tougher transport conditions require the superior tear resistance of LLD liners. This plastic is designed to perform in environments with higher risk of tears or punctures, either from the can liner contents, surrounding environment or through transportation to disposal units, as LLD does not tear easily, even after puncture. **Find these on pages 514-517.**

High Density (HD) — When greater puncture resistance and load capacity are the priority, select HD liners. Even with thinner construction, HD liner material delivers puncture and load benefits—performing well with waste that is heavy, such as unbroken glass, or other materials that do not have sharp edges. **Find these on pages 521-523.**

Strength Grade and Gauge

Strength grades are based on static load, also known as lifting strength. LLD and HD plastic materials achieve the same static load with different gauges; order your bags accordingly. Use this chart for easy reference to determine approximate gauge equivalents.

Strength Grade	LLD Mil Gauge	HD Micron Gauge
Light	.35 – .44	5 – 9
Medium	.45 – .57	10 – 12
Heavy	.58 – .69	13 – 14
Extra-Heavy	.70 – .89	15 – 17
XX-Heavy	.90 – 1.14	—
Super	1.15 – 1.39	—
Super-Heavy	1.40 – up	18 – 24

Light—Use for crumpled paper, cups and light waste.

Medium—Appropriate for packaging waste, wet paper and similar mixed trash.

Heavy—Choose for light wood, metal scraps and wet cardboard.

Extra-Heavy—Select for use when trash is consistently heavy, wet or sharp.

Super/Extra-Heavy—Use on the heaviest cleanup jobs, in warehouses, cafeterias, or facility grounds.

Capacity

Know the capacity of your receptacles and select the bag or liner to suit. Bags and liners are available in a multitude of sizes; gallon capacity is listed with each item throughout this section.

Bottom Seals

Star-Seals — The most common type. Conform easily to any shape waste container, distribute weight evenly inside the bag and have the maximum carrying capacity.

Flat-Seals — Hold more volume than like-sized star seals. Appropriate for somewhat lighter weight loads.

Gusset-Seals — Another seal found in flat-style bags. Offer a good fit in certain receptacles and appropriate for somewhat lighter loads.

Cub ROLLS

JAGUAR PLASTICS.
Commercial Can Liners

GET THE RIGHT FIT

Using the correct can liner size is key to being cost-effective. Take a look at how bags fit each bin or can at your facility. If they hang over the edge of the receptacle by more than four inches, you are using too much bag for the job!

GLAD®

A Tall Kitchen Drawstring Trash Bags Guaranteed strong with reinforcing bands that help add strength while using less plastic when compared to a leading branded bag. Unique diamond pattern stretches to prevent rips, reinforcing bands to add strength and a thicker plastic for leak protection. 3-layer drawstring closure makes garbage bags easy to lift, carry and toss away. Perfect for kitchens, break rooms, and daycare centers. 🔲

ID	No.	Capacity	W × H	Gauge	Color	Qty.	Unit	Price
1	CLO-78526CT	13 gal	24" × 27⅜"	0.95 mil	White	400	CT	

✱ *California Air Resources Board (CARB) Compliant.*

B OdorShield® Tall Kitchen Drawstring Bags Made with OdorShield® technology and Febreze® freshness for guaranteed 5-day odor control, based on lab tests comparing unscented bags. The unique diamond pattern of the drawstring bags stretches around objects to prevent rips; reinforcing bands help add strength while reducing plastic waste, when compared to a leading branded bag. Liners are reinforced at the top, middle and bottom and are made with thicker plastic for leak protection. 3 ply drawstring grips the can and the bag stays in place until you are ready to take it out.
